This list does not cover everything we grow but only such stock as we have a fair supply of to offer. Correspondence is invited regarding other kinds not listed.

**Quality:**

We grow only the choice varieties of perennials and rock plants, eliminating the varieties which are in poor demand, and are actually a liability, however, some varieties we grow just because we get calls for them.

**Guarantee:**

We guarantee any plant we sell to be true to name and in healthy condition, and will replace or refund the money paid for such items which are proved not to be as represented.

Terms cash, or satisfactory reference must accompany all orders from parties unknown to us. 3% discount for cash with order; 2% 10 days; 30 days net.

Complaints must be made in writing to us within five days after receipt of goods.

One to four plants of one variety at each rate; five at 10 rate; 25 at 100 rate. We do not charge for packing. All prices F. O. B. Westminster.

All orders large or small will be appreciated. Send us list of your wants for quotation.

**EXPLANATION**

Practically all stock offered are one and two year transplanted field grown, except where noted.

Practically all varieties offered in this catalogue except where noted will grow nicely in ordinary well drained and well prepared garden soil, with full sunlight or where they get the sun the best part of the day, morning sun preferred wherever possible.

\* Indicates alpines or rock plants, and with the exception of few varieties, can also be used in the border.

‡ Indicates best cutflower varieties.

‡**New Korean Hybrids**, these new chrysanthemums are hardier, most attractive in color; they are early blooming, easier to grow and more profuse blooming; useful as cutflowers.

**Three 1935 Introduction**

**Hebe**, this charming addition to the hybrid Korean group is a most distinct color, lovely, luminous pink which assumes soft, lavender-pink tones as the flower matures. The golden yellow center affects a lovely combination in the nicely formed single blossoms which average 3 inches or more across, producing masses of fragrant blossoms in almost unbelievable quantities during late September and through October. Height 2 to 2½ ft.

Each 30c; \$2.50 per 10; \$22.00 per 100

**Orion**, another new color is added to the group by this brilliant canary-yellow variety which fairly in the autumn sunlight, having that lustrous quality peculiar to the hybrid Korean type, it immediately commands attention among older varieties of similar color, the flowers are single, 3 in. across, height 2½ ft., October 5.....Each 30c; \$2.50 per 10; \$22.00 per 100

**Vulcan**, the color of this new Korean hybrid comes between Mercury and Mars, but is sufficiently distinct to be altogether desirable. On opening it is glowing carmine-red which shades to garnet-crimson and finally to an attractive bronze-crimson as the flower matures, it has a double row of ray-like petals with a conspicuous golden center and is delightfully fragrant, habit erect and extremely free, October ' . 2½ ft.....Each 30c; \$2.50 per 10; \$22.00 per 100

Special offer of above 3 varieties: 3 plants each for \$2.25; 10 each, 30 plants in all, \$6.50.

**Aster Hyb. Luteus** is one of the finest summer cutflowers.

### Korean Hybrids of recent introductions

**Apollo**, a sparkling combination of bronze, red and gold suffused with glowing salmon flowers, are 2 in. across, blooming freely in October; height 2½ ft.

**Ceres**, old gold blended with chamois-yellow and dusted with coppery-bronze, October 10; height 2 to 2½ ft.

**Daphne**, an exquisite blending of daphne-pink, with an underlying sheen of lilac-rose with golden stamens in the center, the single flowers 3½ in. in diameter, carried in graceful sprays, fine healthy growing habit; height 2 to 2½ ft., October 12.

**Diana**, Chatnay-rose-pink, mingled with lilac-rose and soft salmon; height about 2 ft., October 12.

\***Innocence**, an effective dwarf-growing variety, useful for border and rockery, it seldom exceeds 18 in. in height; completely covered with pure single white flowers 2½ in. across.

**Mars**, deep amaranth-red, changing to wine-red, overlaid with velvety sheen, height 2 to 2½ ft., October 15.

**Mercury**, a lovely art-color effect features this free flowering variety at all stages, the opening flowers are oxblood-red, changing to coppery-bronze and finally to an exquisite blend of old rose and salmon which is retained long after the flowers mature. Mercury is early and very free flowering being in full flower September 30; height 2 to 2½ ft.
